

JLT Geology Group Summer Field Trip Geology of Fort Worden—A 3-mile Hike and Beach Walk

- When:** Saturday, June 10th. 10:30 am – 3 pm (coincides with -1.5 ft low tide)
- Where:** Park your auto/bike/horse at the Fort Worden USO Building Lot, just west of the Taps at the Guardhouse Pub (old Information Center).
- What:** Geology of Fort Worden, plus some history of the old fort and the State Park. We'll concentrate on the glacial sediments on the north-facing bluff, but will also discuss marine landforms, erosion, drift cells, possible faulting, and tsunamis. After the walk (about 3 miles), there is an option to have beverages at the Taps at the Guardhouse Pub. Bring a pack, lunch, boots and water (camera, binoculars); dress appropriately for the weather.
- Who:** Kitty Reed, Hugh Shipman, Carol Tepper, Michael Machette, Kevin Alexander & Leslie Aickin
- How:** Will accept registration postmarked after May 22nd. You must send your registration form and a check made out to Jefferson Land Trust for \$10 per person to Leslie Aickin. No more than 2 persons per registration. No dogs or children under 16 yrs old. We'll accept the first 25 persons to register and have a short standby list (hence the need for contact information).

Registration Form—JLTGG Field Trip, June 10, 2017

Please print legibly.

Mail to: Leslie Aickin, 320 Meadow Road, Port Townsend, WA 98368-9426
